PROFESSIONAL SUMMARY

AI & Data Science undergraduate with hands-on experience in Python-based applications, robotics simulations, and machine learning fundamentals. Passionate about building interactive systems, exploring AI technologies, and applying data-driven solutions to real-world problems.

EDUCATION

B.Tech in Artificial Intelligence & Data Science

Vimal Jyothi Engineering College, Kannur

2024 – 2028

CGPA: 8.85

TECHNICAL SKILLS

Programming: Python, HTML, CSS

Machine Learning & Data: Machine Learning Fundamentals, Data Analysis, NumPy, Matplotlib

Development: Git, GitHub, APIs, Chatbot Development

Tools: VS Code, Google Colab

PROJECTS

Student Assistant Chatbot

- Developed a Python-based chatbot to assist students with academic queries.
- Implemented conversational response handling and user interaction logic.
- Managed project versioning and documentation using GitHub.

Robot Configuration & DOF Explorer

- Developed an interactive robotics simulator using Python and Matplotlib.
- Visualized RRR, RPP, and PPP robot configurations.
- Demonstrated Degrees of Freedom (DOF) and manipulator kinematics concepts.

- Implemented interactive controls for robot exploration and learning.

ACHIEVEMENTS

- Maintained a CGPA of 8.85 in B.Tech AI & Data Science.
- Built and documented personal technical projects using GitHub.
- Actively learning Machine Learning, Robotics, and AI application development.

CAREER INTERESTS

Machine Learning • Artificial Intelligence • Robotics • Data Science • Software Development
